ResiGrass

TECHNICAL SPECIFICATIONS RGP530 NEW

FIRE BEHAVIOUR	CFL-S1	
Type Yarn Material Yarn Quality	Tufted non filled synthetic grass carpet PE monofilament MiNT & PP monofilament curled environmental friendly, free von led and cadmium, according REACH-norm	
Primary Backing Secondary Backing	PP woven, ± 170g/m ² SBR Pre coat, ± 800g/m ²	
Tuft gauge Pile Height Total Height Pile gross weight Total weight # Stitcher / 10 cml # Stitches per m2	3/8' approx. 30 mm approx. 32 mm approx. 1.353 g/m2 approx. 2.523 g/m2 ± 13 approx. 13.650/m ²	+/- 10% +/- 10% +/- 10% +/- 10%
UV Stability	8 years in N-Europe 6 years in sunny regions	
Roll width Roll length	4 meters Target length 20,00 - 25,00 m	+/- 1%
Water permeability	> 60 I / min / m2	
Infill recommendation	In case of intensive use: Silica sand, gradation 0,5 – 0,10 mm / Min. 80% round-shaped Approx. 5 kg per m2 for stabilisation	
Shrinkage	Shrinkage can appear due to high temperatures. Make sure the carpet can relax before cutting	
Application	Fairs, Rooftops, Gardens, Lawns, Landscape
